

Dukes Digest

December 2008

Introducing... the people who made grandparents out of us. Luke and

Ailie Daniels gave their families Kohen Luke Daniels on Sept. 12th. Needless to say, we're over the moon! Not to mention feeling so privileged to be able to be in the US during this special time.

Paul just returned from a month in Kalimantan, Indonesia. If you remember from our last letter Paul was very involved with the purchase of a Caravan for the program in Kalimantan. After the improvements were made and the dove was painted on the tail it was ferried to Indonesia. Paul went to Kalimantan to work on a major inspection and to do some training with the mechanics there. It was a great trip and the field was very appreciative. But I can say that this time it seemed like he was gone for a really long time. I hope his future trips can be a bit shorter...

I got a fun email from a friend in Sentani. She writes: "On Friday I was getting a glass of water in the lunchroom and spied a large, rectangular Tupperware with your name on it. Then Charis brought her bag in full of small containers for her lunch and one of THOSE said "Dukes" on it. You remain forever in the refrigerators and cupboards of God's servants in Papua!" Somehow the mark I left in Indonesia I'd hoped would be somewhat more eternal, but.... Tupperware lasts a long time, doesn't it? ☺

We are so thankful to you who are praying and giving faithfully towards this ministry. In these troubled economic times it is a blessing to know we have a God who supplies our every need. MAF is not immune to the effects of current trends like increasing costs and a weakening dollar. In response, MAF has taken steps to reduce expenses and has also asked all staff to raise another \$300 per month. We understand that you may be experiencing financial difficulty and may not be in a position to help financially, but please pray with us that the Lord would raise up those He has chosen to meet this need.

BLESSINGS TO YOU THIS CHRISTMAS!!
